Excellence In Private Label

Dear Valued Customer,

We are pleased to present our new catalog to you with many exciting changes and information. But first, we are immensely thankful to you for your support and loyalty to Weeks & Leo Company. We have been in existence for more than 100 years now in Des Moines, IA and are so grateful to you for your business. We have weathered tough times just as you have and together we have survived and thrived in constantly changing market conditions.

Our core focus, as always, has been to serve you sincerely with quality products, attractive label designs and excellent customer service. We have added several new products keeping market trends and your success in consideration. You will see a preview of the new products in the last couple of years towards the back of this catalog as well as within the product pages.

We have improved the design and presentation of several OTC, Vitamin and Skin-Care products. The bottles are more attractive and labels are bigger. We are confident that the newer attractive presentation of your private label merchandise will increase your sales and profits.

We are implementing web, scanning and other automated technologies to improve our operations. A huge effort is on to push the orders out in 3-5 business days and with minimal or no backorders. We have a new name for our website www.pharmacyprivatelabel.com which is more in tune with our services. The older name www.weeksandleo.com will now simply point to the new name. The website pages will appear with absolutely no difference. Please use the website for product information, placing orders, order history, sales, and many other useful tools.

Our OTC drugs are now Medicaid approved in all states. You can use the NDC number or the UPC number to scan the products for Medicaid reimbursement for your customers. We have also acquired SIGIS approval to allow your customers to use Flexible Spending Cards.

We are confident your private label products will continue to provide you value and repeat business. Building your brand value has never been more important. It is proven that the existing customers are more profitable as compared to the new ones and hence any effort to generate repeat business pays off handsomely. Your "TRUE" private label achieves just that.

Thank you again for your business. With best wishes and regards,

Sanjay Srivastava
Executive Vice-President

Statement of Quality Assurance

Weeks & Leo Co., Inc. of Des Moines, IA has been providing private label over-the-counter (OTC) drugs to pharmacies and health care providers for over 75 years. These products are manufactured to **Weeks & Leo's** highest standards using current Good Manufacturing Practices (cGMP) as regulated by the FDA (Food and Drug Administration). All products are analyzed in the industry's finest laboratories conforming to the exacting criteria of the United States Pharmacopeia/National Formulary (USP/NF).

Weeks & Leo Co., Inc. has also been supplying a wide variety of private label dietary supplements for more than 50 years. The dietary supplements are repackaged in our facility using the same procedures as for OTC drugs. Our products have the finest quality ingredients approved for food use and are formulated to provide a minimum of 100% potency of each dietary ingredient.

Weeks & Leo Co., Inc. has a long history (Since 1892) of manufacturing personal care products. Each batch is meticulously produced using superior ingredients and is tested in our laboratory to ensure quality.

Weeks & Leo Co., Inc. is resolute in its philosophy that no product will be distributed to our customers and/or end consumers until it passes our stringent quality inspections and meets FDA guidelines.

Mission Statement

Weeks & Leo Co., Inc. will serve its customers with exceptional urgency, integrity, and passion. We will offer the best quality products with the best packaging and the best in-class customer service. We will take care of our customers, employees, representatives, owners and suppliers to achieve success together.
